1. APOLOGIES FOR ABSENCE

Apologies were received from Cllr Chicken and Councillor Cary would have to leave at 8.45pm due to work commitments.

2. AN OPPORTUNITY FOR THE PUBLIC TO ADDRESS THE TOWN COUNCIL

There was only one member of the public present and the resident mainly wanted to listen to have a 'catch up' on what was going on but mentioned the Barclays Bank closure and publicity regarding shopping early for Christmas in Market Weighton as there was some very good shops in the Town. A representative of the Market Weighton Town Team Partnership said shopping locally would be encouraged.

3. DECLARATIONS OF A PECUNIARY AND NON-PECUNIARY INTERESTS – Members to declare any interest in items on the Agenda and the nature of those interest.

There was a declaration of a non-pecuniary interest by Cllr Rudd (East Riding of Yorkshire Council Trustee for the Children's Centre in Market Weighton) and Cllr Hemmerman (Minster Rail Campaign).

4. WELCOME TO POLICE COMMISSIONER MATTHEW GROVE AND CHIEF INSPECTOR JAMES GLANSFIELD WHO WILL DISCUSS POLICING IN THE AREA AND ANSWER PRE-ARRANGED QUESTIONS

The Mayor welcomed the above Police representatives to the meeting. The Police Commissioner stated he was elected in 2012 to take a good look at Humberside police and identify problems and weaknesses. They were bottom in the comparison tables and needed to know why. The idea was to redesign and reduce funding but still protect neighbourhood policing and reduce the crime rate. He wanted to know if funds were insufficient as there was still a duty to those they serve. There were discrepancies around the number of officers available in the day when the need was four times greater at night and in August there were fewer Police Officers on duty at the busiest time. He discussed the comparison between Beverley and some other areas. He believes that despite reducing support staff and police officers (which they have no option to do) they can still keep the area safe but with 1/3 less money. In 4 years time they would run out of money if they continue as they are. A Councillor stated the main problem was that in a rural area the police are not seen because he felt the police concentrate of cities. The Police Commissioner stated the police need to be out and not be in the station as they used to be. The shift system is being changed which would actually mean more police officers on duty. The Chief Inspector said they were busy with towns, working with neighbourhood watch teams, dealing with bogus callers, security issues/checks and looking at risks in rural areas. The idea of a police presence in mobile libraries for instance – getting to where people want

Signed by the Chairman

them and not having to go to stations. The Police Commissioner wanted to get back to ground level with members of the public. Another Councillor stated Market Weighton was not rural like it used to be and had a permanent library rather than a mobile library. The Chief Inspector mentioned the sharing of buildings such as health centre, town council offices where the public come into. The Police Commissioner mentioned the reasons police were sent out and this was being looked into so valuable resources were not spent unnecessarily. A Councillor thought the changes seemed good but wondered what the police thought. The Chief Inspector said there was a close relationship between all police with a common interest. Staff and police are valued and it is appreciated the changes are significant. Terms and Condition, pension and shift changes were all underway. It was thought the main vocation of the police was to serve the public. A Councillor mentioned that in August (stated as being one of the busiest times) six officers were on a road pulling people in to check on seat belts and red diesel. The Chief Inspector stated that by pulling in people for what seemed trivial matters it allowed searches of vehicles as there was a lot of crime which involved coming into a towns and villages and using the road network to leave quickly. Other items mentioned by Councillors and responded to by the Police were; dangerous driving, police response times, public protection, setting targets, mobile paramedics and investigating of crimes. The Mayor thanked the Police for attending and said it would be nice to see the Police more regularly at meetings. A Councillor also asked about the changing of the name from Humberside but the Police informed him that the costs involved, mainly in legal fees, would be millions and it was felt there was more important issues. The Police Commissioner and Chief Constable left the meeting.

There had been a meeting that afternoon and a test drive of an Isuzu had taken place by the Handyman. The options had only been received this evening at 6.30 so it had not been possible to print all the information for the meeting but Cllr King read them out. After discussion it was Proposed by Cllr King and seconded by Cllr Cary that MWTC opt for a 5-year lease (including maintenance) of an Isuzu D-Max 2.5TD 4x4 Extended Cab at a monthly rental (3 + 59) of £188.96 plus £34.72 for maintenance - making £671.04 up front and £223.68 per month (both + VAT which the Council will reclaim in full) as per quotation (No: 10116078). AGREED. It was further AGREED to accept an offer of £1250+VAT (£1500) for the existing vehicle.

The Council decided not to include a wrap-over heavy duty liner or tow bar with single electrics within the lease, but to purchase these fitted as separate items (liner £354.00 and tow bar £442.80) together with an aluminium ladder rack/guard (£315.00 +VAT). Vehicle to be a solid colour (white) for delivery in early-December but would be prepared to accept a metallic colour (but not green) if this meant earlier delivery and was of benefit to Glews to fill their quota for October/November - as long as the price was the same as for the solid colour.

9. TO DISCUSS THE HOLME ROAD CEMETERY (including the proposed cemetery extension)

A letter received from a resident living close to the Cemetery was read out. The letter requested the cutting of a large common lime on the boundary of the cemetery. After discussion the Clerk was asked to write and allow the resident to cut any overhanging branches which need not be returned to the Council. The Cemetery Attendant was to be asked to remove any greenery and shoots around the base of the tree and also remove the rubbish heap near the railings which contained nettles. Councillors did not wish to fell or even part fell healthy trees but the cemetery attendant would be asked to prune over the winter period. The Clerk was also asked to enquire if the Cemetery Attendant would help with the putting up of stalls on the occasion of the monthly market.

There was also a question about the Lloyds Bank but it was said that they were now split from TSB but were still at Pocklington.

Cllr Curwen: Mentioned that the British Legion seat was now in place with plaques. Councillors were informed that a Letting Agency with flat above was being put where the old computer shop had been next to Hall and Featherstone – application to be put in for a change of use. It was thought this would make a difference to that area.

Cllr Stellings: Stated that the first engineer meeting regarding the new roundabout had taken place now the newts were gone – they had been put back to the pond area further down the road. Work would begin with the clearing of the site around the third week in November. Cllr Stellings explained the process of road closures and stoppages that would take place over the period.
